# Parking At JOMP

### ***Help us be good neighbors!***

Parking at JOMP is limited, and there are driveways connected to Gorham Street that our students and visitors are not permitted to block. We're kindly asking you to help us be considerate and respect the properties we border by abiding by these rules:

- Parking is not permitted in front of our neighbor's **gray house**
- Do not block the driveway of the **yellow house**
- Do not park in non-designated areas: along Gorham Street, in front of mailboxes, etc.
- Improper use of the **handicap spots** (drop-off, idling, etc.) is **illegal**: Handicap parking spaces are reserved only for vehicles displaying a valid handicap placard or license plate. Even a quick drop-off can make these spaces unavailable for those who truly need them.

### ***Where you CAN park:***

We have **additional parking**: on Gorham Street, turn LEFT before our main parking area to access our side and back parking lot. *Note: this does not loop around to the front.*

Free parking is available on **Lincoln Street** (but not in the bus stop area)

Free parking is available down the road at **Nordgren Memorial Chapel**: pick up a placard at our front desk to display on your windshield
